

USB Wired Full Size Bioplastic Mouse

Order Code: BIO-M100-UWHT/UBLK
Accuratus Bioplastic M100 Mouse - USB Wired Full Size Mouse with White/Black Biodegradable Case

About

Introducing the brand new BIO M100 Mouse, an eco-friendly twist on a customer favourite model.

The BIO 100 features all the same high spec features as the M100, but is made from our new signature wheatgrass Bioplastic. Now you can enjoy all the comfort and ease of an M100 mouse, with the added benefit of it being fully compostable and biodegradable.

Contoured for universal comfort and engineered for smooth optical tracking, this mouse is a performer on a world stage. In a white finish which subtly shows the natural wheat fibres, the mouse offers sleek styling matching up with your style. It's size and fit is designed for ambidextrous use with a positive tactile response from the buttons and scroll wheel. This mouse works comfortably in the office as well as at home.

• EAN: 5060756096813 (White), 5060756096820 (Black)

What is Bioplastic?

For several years, Accuratus has worked to create a fully biodegradable bioplastic. After extensive research and testing we are proud to reveal the CA-BI002-2023Rev2 Bioplastic, made using wheatgrass and formed from a natural polymer called lignin, which is found in straw. The straw is broken down by bacteria and then mixed with natural sugars, becoming a workable material with similar properties to plastic – without the use of any artificial chemicals or fossil fuels. The result is a range of stylish, high-quality products, with all the quality of life features you've come to expect from Accuratus.

Physical Specifications

- Dimensions: 115 x 65 x 40 mm (l x w x h)
- Weight: 100g
- Cable Length: 1.5M
