Long Lasting Keyboard Language Stickers - HEBREW

Order Code: LAB-BK-HE-YW
Accuratus Durable Full Size Keyboard Stickers - HEBREW

About

Our Accuratus professional keyboard stickers are extremely durable and long lasting built with a high quality multi layered material. They have a textured top surface to match up with the textured feel of keyboard keycaps and and high grip adhesive backing that increases over time, this allows the stickers to be placed and moved at first if they have not been placed correctly right away. Over all the years we have been providing these stickers we have never had any customer complain about them coming off or even wearing away.

Specifications

- Black background with white & yellow font
- Opaque, so these can be placed over your existing key letters and cover up the existing legends
- Premium high quality multilayered material, for long life and durability
- Top surface is lightly textured to replicate keycap texturing
- The keyboard printing (legends) are protected by the top layer to prevent character wear
- High grip adhesive backing, allows repositioning at first, then increases grip over time
- F and G keys have bump cutouts for the blind marks on most F & G keys
- Designed to fit standard size keycaps, including keyboards and laptops.
- Stickers set includes guidance letters to aid with positioning, especially handy with more complex languages

Physical Specifications

- Dimensions: 11 x 12.5 mm
