Accuratus TRACK 905 - USB Wired Ergonomic Trackball Mouse - USB 6 Button Trackball Mouse with large 44mm Ball

About

The Accuratus Track 905 is a USB wired trackball which is ergonomically designed to fit comfortably in your hand. With a large 44mm diameter trackball perfectly placed for thumb control, integrated scroll wheel and perfectly placed back and forward buttons the Track 905 is ideal for hours of use. The Track 905 is plug and play so can be connected to any USB device which supports a mouse.

The Track 905 trackball is designed to reduce muscle stress, using the trackball rather than moving your whole arm and wrist around the desk compared to when using a regular mouse.
