Accuratus Monster 2 Contoured Keyboard Cover (keyboard not included)

About

The Accuratus Monster 2 Seel is designed to comfortably wrap around any of the the Monster 2 keyboards.

The Accuratus range of keyboard covers are molded on individual keyboard models being shaped around each keycap and wrapping around the keyboard and affixing to its base. They are made from a very strong durable material protecting your keyboard from oil, dirt, dust and spills. With this membrane over the keyboard you can easily disinfect the keyboard with a disinfectant spray to prevent the passing of germs and bacteria
